1.0 INTRODUCTION

The objective of this Request for Proposal (RFP) is to solicit Proposals from qualified Proponents to complete a design build for an addition to the existing West Dried Meat Lake Regional Landfill Maintenance Shop near Ferintosh, Alberta.

Camrose County is located in Alberta's Central region. The project area is approximately 30 Kilometers South of the City of Camrose, located 1 kilometer east of the junction of Highway 21 and Secondary Highway 809 in the Southwest 14 – 44 – 21 – W4.

As noted in this RFP, the services to be performed by the successful Proponent shall include architectural, mechanical, structural, electrical, civil, commissioning and landscape architectural consulting services for the project. The successful proponent shall also be responsible for constructing the new building and all construction & quality control management.

1.1 Definitions

Terms used in this RFP have the meaning set out below unless otherwise indicated.

"**Proposal**" means the Proponent's response to this RFP.

"**Proponent**" is the company or individual who has obtained a copy of this RFP.

"**Subcontractor**" shall mean any person, firm, or corporation hired by the successful Proponent.

"**Owner**" is Camrose County.

"**Contract**" shall be the executed agreement between the Owner and the Proponent.

"**Work**" wherever used in these documents shall mean the entire Work, including materials, labour, equipment, transportation or other facilities or items ancillary to the foregoing, required to be done, furnished and performed by the Contractor to complete the Work in accordance with the Contract.

1.2 Purpose of RFP

1.2.1 Camrose County seeks innovative Proposals from interested parties for the following:

2026 Design Build of West Dried Meat Lake Regional Landfill Maintenance Shop Addition (the "Work")

1.2.2 If the County receives a Proposal acceptable to it, the County will select one (1) or more parties who submitted a Proposal (the "Proponents") with

whom the County, in its sole and unfettered discretion, will negotiate regarding the terms of a contract (the "Contract") to perform the Work.

1.3 **Submission of RFP**

1.3.1 Proponents shall submit their Proposal in a sealed envelope marked "Camrose County – Request for Proposal for the **2026 Design Build of West Dried Meat Lake Regional Landfill Maintenance Shop Addition**" (the "Proposals") on or before 2:00:00 p.m. (Mountain Standard Time) on **April 2, 2026,** (the "RFP Closing Time") to:
Camrose County
Attention: Darren King
3755 – 43 ave
Camrose, AB, T4V 3S8

Note: No faxed or electronically submitted Proposals will be accepted by the County. Proposals received after the closing date and time will not be evaluated and will be returned unopened.

1.3.2 Proposals will be opened following the RFP closing time. No Proposal(s) submitted after the RFP closing time will be accepted. There will be no public opening of the Proposals.

1.3.3 Each Proponent may submit only one Proposal. Collusion between Proponents will be sufficient cause for the affected Proposal(s) to be rejected outright by the County without further consideration.

1.3.4 Any inquiries regarding this RFP should be directed, in writing, to:

Darren King – *Manager West Dried Meat Lake Regional Landfill*
dking@county.camrose.ab.ca
(780) 679-6519

1.3.5 The County is under no obligation to respond to any inquiry submitted to it in respect of this RFP.

1.3.6 If the County, in its sole and unfettered discretion, determines that a written response to an inquiry is warranted, a written response will be prepared and posted to Alberta Purchasing Connection (APC) and on the County's public website. Such Written response(s) will be issued in the form of an addendum to this RFP and will be deemed to be part of this RFP.

1.3.7 No inquiry submitted to the County will be responded to after 12:00 p.m. on **March 20, 2026.**

2.0 GENERAL CONDITIONS

Camrose County reserves the right to accept or reject any and all Proposals, and to waive irregularities, informalities and non-compliance at its discretion. The County reserves the right to award a Proposal other than the lowest Proposal without stating reasons and, without limiting the generality of the foregoing, the County may consider any other factor(s) besides price, capability to perform the Work and proposed specifications, in its sole and unfettered discretion. By submitting its Proposal, the Proponent waives any right to claim, in any proceeding or court action, for loss of anticipated profit or for any other damages in excess of the reasonable costs incurred by the Proponent in preparing its Proposal.

2.1 Appendices and Addenda

The appendices to this RFP and any subsequent addenda are incorporated into, and form part of this RFP. The information and data contained in any appendices and any subsequent addenda may form the basis upon which the Contract will be entered into with the County.

2.2 Disclaimer of Liability and Indemnity

By submitting a Proposal, a Proponent agrees:

2.2.1.1 to be responsible for conducting its own due diligence on data and information upon which its Proposal is based;

2.2.1.2 that it has fully satisfied itself as to its rights and the nature extended to the risks it will be assuming;

2.2.1.3 that it has gathered all information necessary to perform all of its obligations under its Proposal;

2.2.1.4 that it is solely responsible for ensuring that it has all information necessary to prepare its Proposal and for independently verifying and informing itself with respect to any terms or conditions that may affect its Proposal;

2.2.1.5 to hold harmless the County, its elected officials, officers, employees, agents, or advisors and all of their respective successors and assigns, from all claims, liability and costs related to all aspects of the RFP process;

2.2.1.6 that it shall not be entitled to claim against the County, its elected officials, officers, employees, insurers, agents, or advisors on grounds that any information, whether obtained from the County or otherwise (including information made available by its elected officials, officers, employees, agents, or advisors), regardless of the manner or form in which the

information is provided is incorrect or insufficient;

2.2.1.7 that the County will not be responsible for any costs, expenses, losses, damages, or liability incurred by the Proponent as a result of, or arising out of, preparing, submitting, or disseminating a Proposal, or for any presentations or interviews related to the Proposal, or due to the County's acceptance or non-acceptance of a Proposal; and

2.2.1.8 to waive any right to contest in any proceeding, case, action or application, the right of the County to negotiate with any Proponent for the Contract whom the County deems, in its sole and unfettered discretion, to have submitted the Proposal most beneficial to the County and acknowledges that the County may negotiate and Contract with any Proponent it desires.

2.3 **No Contractual Relationship**

The Proponent acknowledges and agrees that this procurement process is a Request for Proposal. It is part of an overall procurement process intended to enable the County to identify a potential successful Proponent. The submission of a Proposal does not constitute a legally binding agreement between the County and any Proponent.

2.4 **Acceptability of Proposals**

The Proponent will be allowed to withdraw and/or modify their Proposal up to **Thirty (30)** minutes before the Proposal closing time. The modified Proposal must be resubmitted in a sealed envelope prior to Proposal closing time.

2.5 **Discretion of the County.**

The County is not bound to accept any Proposal. At any time prior to execution of the Contract, the County may, in its sole and unfettered discretion, or for its own convenience, terminate the procurement process, cancel the Work, or proceed with the Work on different terms. All of this may be done with no compensation to the Proponents or any other party.

The County reserves the right, in its sole and unfettered discretion, to:

2.5.1 Cancel or reissue the RFP due to budgetary constraints or if only one (1) Proponent submits a Proposal.

2.5.2 utilize any designs, ideas, or information contained in any of the Proposals for its sole use and benefit without making payment or otherwise providing consideration or compensation to any Proponent or any other party;

2.5.3 negotiate the specific contractual terms and conditions, including but not limited to the fee or price of the Work, and the scope of the Work;

2.5.4 waive any formality, informality, or technicality in any Proposal, whether of a minor and inconsequential nature, or whether of a substantial or material nature;

2.5.5 receive, consider, and/or accept any Proposal, regardless of whether or not it complies (either in a material or non-material manner) with the submission requirements or is the lowest priced Proposal, or not accept any Proposal, all without giving reasons;

2.5.6 determine whether any Proposal meets the submission requirements of this RFP;

2.5.7 negotiate with any Proponent regardless of whether or not that Proponent is the Proponent that has received the highest evaluation score; and

2.5.8 negotiate with any and all Proponents, regardless of whether or not the Proponent has a Proposal that does not fully comply, either in a material or non-material way with the submission requirements for the RFP or any requirements contained within this RFP.

2.6 **Selection**

Selection of the successful Proponent(s), if any, is at the sole and unfettered discretion of the County. Preference will be given to Proponents with experience in constructing projects of similar scope/size and ability to complete projects within specified timelines.

2.7 **Contract Agreement**

Prior to commencing work, the successful Proponent must sign a *Design-build Stipulated Price Contract "CCDC 14 – 2013"* issued by the Canadian Construction Documents Committee.

2.8 **Disqualification**

The failure to comply with any aspect of this RFP (either in a material way or otherwise), may render the Proponent subject to such actions as may be determined by the County, including disqualification from the RFP process, suspension from the RFP process, and/or imposition of conditions which must be complied with before the Proponent will have its privilege of submitting a Proposal reinstated.

2.9 **Representations and Warranties**

2.9.1 The County makes no representations or warranties other than those expressly contained herein as to the accuracy and/or completeness of the

information provided in this RFP.

2.9.2 Proponents are hereby required to satisfy themselves as to the accuracy and/or completeness of the information provided in this RFP.

2.9.3 No implied obligation of any kind, by or on behalf of the County, shall arise from anything contained in this RFP, and the express representations and warranties contained in this RFP, and made by the County, are and shall be the only representations and warranties that apply.

2.9.4 Information referenced in this RFP, or otherwise made available by the County or any of its elected officials, officers, employees, agents, or advisors as part of the procurement process, is provided for the convenience of the Proponent only and none of the County, its elected officials, officers, employees, agents, and advisors warrant the accuracy or completeness of this information. The Proponent is required to immediately bring forth to the County any conflict or error that it may find in the RFP. All other data is provided for informational purposes only.

2.10 **Guarantee Period**

2.10.1 Neither the final progress payment nor the Construction Completion Certificate shall relieve the successful Proponent of responsibility for faulty materials or defective workmanship.

2.10.2 The successful Proponent, unless specifically stated otherwise herein, guarantees all materials furnished and Work performed during construction and during the warranty period. The guarantee period includes the construction period and the two (2) years warranty period following the construction completion date noted on the Construction Completion Certificate (CCC).

2.10.3 Faulty materials shall be replaced and defects discovered and failures which occur during the two (2) years guarantee period shall be rectified and approved by the Owner and in accordance with the Contract Documents, including, if deemed necessary by the Owner, replacement of all or portion of the Work.

2.10.4 If the Owner observes through use of the Works, or if it is discovered by tests or inspection of the Works, that a deficiency or defect exists in the materials or workmanship in respect to the specified Works, the Owner shall immediately notify the successful Proponent, by whatever means are available, of the defect or deficiency and instruct him to rectify the fault. Such notification shall be confirmed by the Owner in writing to the successful Proponent.

2.10.5 In the event that this Work, in the opinion of the Owner, must be done immediately to prevent serious damage, injury, or loss of life, the Owner may perform or cause to be performed, the necessary Work and shall notify the successful Proponent accordingly.

2.10.6 Work required under guarantee shall, except as otherwise provided herein for emergencies, be carried out by the successful Proponent or his representative within ten (10) days of the Owner's written instruction to perform the Work. After this period expires, the Owner may take whatever action is necessary to have the Work done.

2.10.7 All costs resulting from the necessity to do Work under the guarantee requirement, whether it be done by the successful Proponent, his representative, or the Owner, as provided herein, shall be borne by the successful Proponent.

2.10.8 The successful Proponent shall, in addition, be liable to the Owner for all expenses, losses, or damages incurred by the Owner as a result of such faulty materials and defective workmanship or as a result of the successful Proponent's failure to meet the guarantee requirements as specified herein.

2.10.9 This Article shall not restrict the liability of the successful Proponent in any way.

2.11 **Deficiency Holdback**

2.11.1 To ensure the correction of all deficiencies or defects occurring during the Guarantee Period, the Owner Shall be entitled to retain from any payment an amount equal to the estimated value of outstanding deficiencies or defects as noted by the Owner hereinafter referred to as the "Deficiency Holdback".

2.11.2 The Owner shall retain the Deficiency Holdback until at which time the deficiencies or defects have been corrected and approved by the Owner.

2.11.3 Should the successful Proponent fail to correct all deficiencies and defects occurring in the Work during the Guarantee Period, the Owner shall be entitled to make withdrawals from the Deficiency Holdback sufficient to correct all such deficiencies and defects.

2.11.4 In the event the successful Proponent proceeds to correct all deficiencies and defects in the Work, occurring during the Guarantee Period, the Owner shall pay to the successful Proponent all monies remaining in the Deficiency Holdback.

2.12 **Surety Bonding**

2.12.1 To ensure the faithful execution and proper fulfillment of this Contract, the successful Proponent shall provide the Owner with the following

bonds at the time of his execution of the Contract Agreement:

2.12.1.1 A Performance Bond in the amount of fifty percent (50%) of the Contract price covering the faithful performance of the Contract.

2.12.1.2 A Labour and Material Payment Bond in the amount of fifty percent (50%) of the Contract price covering the payment of all labour and material used or reasonably required in the performance of the Contract.

2.12.2 These bonds must be issued by a surety company licensed to conduct business in the province or territory wherein the Work is located and shall be provided on forms acceptable to the Owner and compatible with the forms contained within the Contract documents.

2.12.3 Provide bonding with the executed Contract Agreement within the (10) days after being notified of award of Contract.

2.13 **Payment**

2.13.1 The Owner may withhold payment, of any monthly progress claim as may be necessary or prudent to protect himself from loss on account of:

2.13.1.1 The successful Proponent not making satisfactory progress.

2.13.1.2 Defective Work which is not remedied.

2.13.1.3 Claims filed, or reasonable expectation that claims will be filed against the Owner or the successful Proponent.

2.13.1.4 The failure of the successful Proponent to make payments to Subcontractors or for materials, labour or otherwise.

2.13.1.5 Damages caused by the successful Proponent to another Contractor or adjacent landowners.

2.13.1.6 Any other evidence of loss or danger of loss by the Owner, on account of the successful Proponent's operations.

2.13.1.7 Any documentation submitted falsely/fraudulently.

2.13.2 **Lien Holdback**

The Owner shall pay the successful Proponent for the performance of the Contract in current funds, at the prices stated in the fee payment schedule. A proper invoice must be submitted to the Owner at least every thirty-one (31) days. Payment will be made within twenty-eight (28) days of receiving a proper invoice. Ten percent (10%) of the value of Work performed will be withheld from payment to the successful Proponent in accordance with the Prompt Payment and Construction Lien Act and will be released to the successful Proponent in accordance

with the provisions of the Act, upon completion of the entire project, including correction of deficiencies and upon submission by the successful Proponent of the following documentation:

2.13.2.1 Signed Construction Completion Certificate (CCC) issued by the Owner.

2.13.2.2 Letter from the successful Proponent stating that he has submitted all claims for payment related to the contract.

2.13.2.3 Letter of Clearance from the Workers' Compensation Board. Statutory Declaration from the successful Proponent Stating that there are no outstanding claims for payment related to the project from suppliers, Subcontractors, labourers, or any other parties affected by the Work.

2.14 **Completion and Acceptance**

2.14.1 On completion of construction, all portions of the Work shall be reviewed carefully by the successful Proponent who shall satisfy themselves that every item has been completed, and that the whole Works are in a clean and tidy condition, and ready in all respects for acceptance by the Owner.

2.14.2 The successful Proponent shall then, by writing to the Owner, request that a final inspection of the Works be carried out.

2.14.3 The Owner shall issue a Construction Completion Certificate (CCC) after completing a final inspection and confirming that the successful Proponent has complied fully with the Contract documents.

2.15 **Prime Contractor**

The Proponent who is awarded the Work will be assigned "Prime Contractor" status as defined by Health and Safety agencies and shall fulfill all obligations and responsibilities associated with this designation. The Proponent shall be the "Prime Contractor" for the full duration of this project and whenever the Proponent's personnel, equipment or Subcontractors are on site. The successful Proponent will be required to complete a Prime Contractor Designation form issued by the County.

2.16 **Period Open for Consideration**

The Proposals received shall remain irrevocable for a period of thirty (30) days following the RFP Closing Date to allow for the County to undertake the evaluation of the Proposals received and to undertake the negotiations as provided for herein.

2.17 **Information Disclosure and Confidentiality**

All documents submitted to the County will be subject to the protection and disclosure provisions of the Access to Information Act ("ATIA") and the Protection of Privacy Act (POPA). ATIA and POPA allow persons a right of access to records in County's custody or control. It also prohibits the County from disclosing the Proponent's personal or business information where disclosure would be harmful to the Proponent's business interests or would be an unreasonable invasion of personal privacy as defined in sections 19 and 20 of ATIA and sections 4, 12 and 13 of POPA. Proponents are encouraged to identify what portions of their Proposals are confidential and what harm could reasonably be expected from its disclosure. However, the County cannot assure Proponents that any portion of the Proposals can be kept confidential under ATIA and POPA.

2.18 **Independent Determination**

A Proposal will not be considered by the County if it was not arrived at independently without collusion, consultation, communication, or agreement as to any matter, such as fees, with any other Proponent.

2.19 **Documents**

All documents submitted by a Proponent shall become the property of the County upon being presented, submitted, or forwarded to the County. Should any documents be submitted electronically, notwithstanding the prohibition on same contained elsewhere in this RFP, then their content and the media they are contained in shall also become the property of the County upon their being presented, submitted, or forwarded to the County.

2.20 **Intellectual Property**

By submitting a Proposal, Proponents agree that any documents produced for the County as part of this appointment may become public information and agree to hold the County and its agents harmless for any re-use of its ideas, designs, concepts, contract verbiage, or similar that are contained within.

2.21 **Canadian Free Trade Agreement ("CFTA") and New West Partnership Trade Agreement ("NWPTA")**

The provisions of Chapter Five of the Canadian Free Trade Agreement and the New West Partnership Trade Agreement apply to this Proposal.

2.22 **Law and Forum of Proposal**

The law to be applied in respect of this RFP shall be the law of the Province of Alberta and all civil actions commenced in relation to this RFP shall be adjudicated by the Courts of the Province of Alberta. By submitting a Proposal, the Proponent is deemed to have agreed to attorn to the jurisdiction of the

Courts of the Province of Alberta.

3.0 PROJECT INFORMATION

3.1 Project Background

The project shall be designed so that the West Dried Meat Lake Regional Landfill Maintenance Shop Addition is in a single building with a useable area of approximately 13000 square feet. Some renovations are to be completed in the existing maintenance shop as part of the "Works". The proposed building shall have separate entrance/exit doors. The Shop shall have a washroom, office space, two drive-through bays, one wash-bay, a parts storage room, utility room, mezzanine storage, and separate industrial wash sink. See Appendix B for conceptual drawings.

The proposed building shall be situated on the County owned site in Camrose County, Alberta. Please see Appendix C for a location map of the desired building site.

All Work pertaining to the Design Build of West Dried Meat Lake Regional Landfill Maintenance Shop Addition must be completed on or before December 31, 2026.

The successful Proponent shall coordinate inspections, weekly meetings, and billing through the County project manager. The project manager for the County will be confirmed at the time of project award.

3.2 Mandatory Site Meeting

There will be a **mandatory** site meeting on Tuesday, March 3, 2026, at 10:00 a.m. (MST). Proponents shall meet at the West Dried Meat Lake Regional Landfill main office, located at SW-14-44-21-W4, Alberta. At this time Proponents will have the opportunity to observe the existing building and available space for the addition.

If there are less than four (4) proponents present at the site meeting, the County may schedule an additional meeting. If an additional meeting is warranted, the date and time of the meeting will be posted in an addendum to this RFP. Proponents that submit a Proposal that do not attend a site meeting will be disqualified from the RFP process.

3.3 Scope of Work

3.3.1 Work to be completed by County forces:

- Brushing and clearing of the entire project area. See Appendix C for the clearing limits that will be completed by the County.
- Bulk cut and fill
- Pay for development permit, building permit, and Safety Code Permits Fees. Proponents shall exclude the cost of these permits in their Proposal submittal.
- Supply of aggregate

3.3.2 Services to be completed by the successful Proponent (but not limited to) are as follows:

- Obtaining a development permit and building permit from the County, and all applicable Safety Code Permits.
- Conduct Geotechnical Investigation and Provide the report to the Owner. A full complete geotechnical report will be required by the successful proponent to use during the design process.
- Conduct preliminary, construction, and as-built survey.
- Deliver Preliminary Design for the County project team to approve.
- Complete final design. The building design must adhere to all applicable building codes and regulations. The final building design shall include a site grading plan that will include drainage features and components. All Issued For Construction Drawings must be signed/stamped by a professional engineer licensed to practice in the province of Alberta.
- The proposed building must adhere to all Alberta Safety Codes.
- Submit all inspection requests. The County project representative must be present for all inspections and shall be provided with a copy of all complete inspection reports.
- Grade/landscape the proposed lot and construct the building as per the Issued for Construction drawings.
- The final driving surface shall be gravel and designed to accommodate the weight and turning radius of large construction equipment, such as a motor scraper.
- Strip topsoil from all driving surfaces (if not already performed by Owner).
- Coordinate natural gas, electrical tie-ins, and communication lines.

3.4 Design Requirements

The County only has a concept in mind; therefore, it will be a design/build project. The following components shall be included in the building design:

- Minimum 50,000 L Cistern complete with the necessary plumbing.
- Renovate 250 square foot kitchenette area located in the existing building.
- Pump capable of 100 LPM complete with a 2.5 inch cistern filling connection for internal service water distribution.
- 2,000 US Gallon Septic holding tank. (potentially removal and relocate existing septic tank)
- Grading Design shall account for positive site drainage and future storm events. The Grading design shall not alter the drainage conditions of neighboring properties.
- The Proposed building shall run on three-phase power.
- 2 – 5-tonne overhead cranes on a trolley.
- Single enclosed bay dedicated for washing large equipment such as a motor scraper.
- Ventilated and lighted service pit area for mechanics to perform servicing under equipment.
- Expand washroom facilities to include urinal and locker change room. including laundry services.
- 400 square foot secure parts storage area containing a 6 foot wide roll-up door.
- Mezzanine storage above utility and parts room capable of handling heavy items such as several oil totes and oil pumping equipment.
- Multiple electrical plugs throughout the shop area suitable for connecting high voltage welding equipment (County to supply welding equipment specifications).
- High recovery heating system.
- High volume air exchanger.
- Exhaust hoses and fans for heavy equipment.
- Sump drains in the repair bays.
- Bulk water fill. With high volume pump for external filling.
- Steel plating in concrete at strategic locations to accommodate track and packer type heavy equipment.
- Ventilation at welding station.
- Concrete structure 35’ ceiling.
- Mud sump from wash bay on exterior of building for clean out with excavator.

4.0 PROPOSAL REQUIREMENTS

The County reserves the right, but is not required, to reject any Proposal that does not include the requirements.

Proposals shall include the legal name, address and telephone numbers of the Proponent, the principals of partnerships and/or corporations comprising the Proponent, and in the case of partnerships or corporations, the individual who will be the representative of the partnership or corporation.

4.1 Addenda Received

It is the responsibility of the Proponent to acknowledge any addendums that are posted prior to the Proposal closing. All Addendums will be posted on Alberta Purchasing Connection (APC) and on the County's public website.

Addenda, when issued, form part of the Request For Proposal document. To acknowledge that an addendum has been received, Proponents must acknowledge receipt as per Appendix A.

4.2 Insurance to be Carried by Successful Proponent

As a condition of the Contract, the Proponent shall provide evidence of insurance coverage as follows:

4.2.1 Standard automobile, bodily injury, and property damage insurance providing coverage of at least five million ($5,000,000) dollars inclusive and in re-insurance policy providing coverage of at least five million ($5,000,000) dollars inclusive and in respect of any one claim for injury to or death of any one or more persons or damage to or destruction of property. Coverage to include:

4.2.1.1 non-owned automobiles;

4.2.1.2 independent Subcontractors;

4.2.1.3 contractual liability, including this Agreement;

4.2.1.4 broad form property damage endorsement;

4.2.1.5 environmental liability; and

4.2.1.6 product and completed operations coverage.

4.2.2 Workers' Compensation coverage for all employees, if any, engaged by the Proponent in accordance with the laws of the Province of Alberta;

4.2.3 Professional Liability Errors and Omissions: five million ($5,000,000) dollars;

4.2.4 Employer's liability insurance respecting employees, if any, of the

Proponent with limits of liability of not less than five million ($5,000,000) dollars per employee for each accident, accidental injury or death of an employee or any Subcontractor engaged by the Proponent; and

4.2.5 Such other insurance as the County may from time to time reasonably require.

4.2.6 The Proponent shall cause all insurance coverage maintained by the Proponent in accordance with this RFP, except for errors and omissions coverage (if required), to name the County and any other party designated by the County as an additional insured and to contain a severability of interests or cross liability clause. The Proponent shall cause all insurance coverage to provide that no such insurance policy may be cancelled without the insurer providing no less than thirty (30) days' written notice of such cancellation to the County. The Proponent shall, upon the request of the County, furnish written documentation, satisfactory to the County, evidencing the required insurance coverage. The cost of all insurance required to be held by the Proponent as set forth herein shall be borne by the Proponent.

4.3 Execution of the Proposal

Proposals shall be properly executed in full compliance with the following:

4.3.1 Proposals must be signed by the authorized representative for the Proponent;

4.3.2 if the Proposal is made by a corporation, the full name of the corporation shall be accurately printed immediately above the signatures of its duly authorized officers;

4.3.3 if the Proposal is made by a partnership, the firm name or business name shall be accurately printed above the signature of the firm and the Proposal shall be signed by a partner or partners who have authority to sign for the partnership;

4.3.4 if the Proposal is made by an individual carrying on business under a name other than his/her own, his/her business name together with the individual's name shall be printed immediately above its signature; and

4.3.5 if the Proposal is made by a sole proprietor who carries on business in his/her own name, the proprietor shall print his/her name immediately below his/her signature.

4.4 Proposal Organization

This section outlines the information the County requests the Proponent to provide in its Proposal. Failure to provide all the information may result in disqualification from the competitive process.

The County requests the Proponent's Proposal to be organized as outlined below. This will facilitate the County's evaluation. The total length of the Proposal shall not be more than ten (10) pages, excluding the cover page, table of contents, and sections 4.0 & 5.0.

If the Proponent wishes to include additional information on any point that is voluminous or that is not directly relevant to the specific situation described in this RFP, that information should be placed in the section entitled "5.0 Supplementary Information" and referenced in the main body of the Proposal.

4.5 **Cover Page**

The County requests the cover page be completed with:

- The name of this RFP;
- The name of the Proponent;
- The Proponent's address, telephone and fax numbers, name of the Proponent's Primary Contact for this competitive process, and Primary Contact's e-mail address;
- The date of Proposal submission;
- Include the following statement: "It is the intent of [Proponent's legal name] to enter into a formal Agreement with the County based on the requirements of this RFP." **Modifying the above wording may result in disqualification from this competitive process**; and

- The signature of a duly authorized representative of the company (indicate name and title).

4.6 Proposed Project Team

4.6.1 Project Organizational Chart

Provide an organizational chart of the proposed project team. This chart should show the proposed roles, accountabilities, and communication structure for the project.

4.6.2 Team Member Profiles

Provide a summary description of the relevant qualifications for the accountable project team members. If detailed supporting information about individual team members has been provided in Section 5.0 of the Proponents Proposal, it should be referenced here.

4.6.3 Similar Projects Completed / References

Provide a summary description of up to 5 similar projects completed by the proposed project team, including date, cost, as well as a reference the County may contact. If detailed supporting information about individual projects has been provided in Section 5.0 of the Proponents Proposal, it should be referenced here. All projects provided must involve at least one (1) member of the proposed project team.

4.7 Services

4.7.1 Project Understanding

Briefly outline the key project deliverables and risks as the Proponent understands them.

4.7.2 Approach and Methodology

Describe the processes and resources the Proponent intends to deploy in fulfilling the project scope and requirements. This should include communication and decision-making processes, preliminary engineering (if required), design, subcontractor management, change management, construction, quality control, and project closeout processes.

4.7.3 Project Schedule / Tasks Distribution

Provide a comprehensive schedule of project tasks and milestones expected to be required to meet the contract completion date, including the party responsible for each task, level of criticality, time allotted, and needed date of completion.

4.7.4 Schedule Enforcement

Describe how progress will be tracked and what schedule enforcement mechanisms and assurances will be provided by the proponent to ensure the schedule is maintained. Describe what the communication processes will be followed and what the expectations will be for tasks that the County will be responsible for and the decisions the County will be responsible for making.

4.7.5 Quality Control Plan

Describe how the proponent proposes to be accountable for the quality of the work they are delivering, including construction oversight, material quality control, reporting, as well as what opportunities the County and/or its agents will be provided to verify the quality of the work done. Describe the communication processes that will be followed and assurances that will be provided for the correction of deficient work.

4.8 Cost Estimate

4.8.1 Cost Estimate and Fee Payment Schedule

The proponent shall submit a cost estimate and fee payment schedule with clear milestones for the work. This shall be broken down to include all tasks that will be required as per section 4.7.3 as a minimum. The cost estimates are to be firm prices and comprehensive for all aspects of the work that the proponent will be responsible for, except for the foundation design/construction.

4.8.2 Foundation Design & Construction

The Proponent will be conducting a geotechnical investigation. The Proponent shall provide a cost estimate based normal ground conditions, without any deleterious subgrade material.

Final pricing for the design/construction of the foundation will be negotiated with the successful Proponent when the complete geotechnical report is available.

4.9 Proposal Response Forms

Proposal Response Forms will include the following:

- Addenda Received Form
- Proposal Consent Form
- Contractor Health and Safety Pre-qualification/Evaluation **(Include all Supporting Documentation)**

Proposal Response Forms can be found in Appendix A of this RFP. Proponents are to attach these forms to this section of their Proposal.

4.10 **Supplementary Information**

In addition to the categories identified in this section, the Proponent is encouraged to identify any additional features or value added components of its Proposal that could be of benefit to the County. Only those aspects deemed to be of benefit to the County may be considered in the evaluation.

5.0 PROPOSAL SCORING

Proponents Proposal will be based on the following evaluation criteria.

5.1 **Evaluation**

5.1.1 Once the RFP has closed, the County will do an initial screening of all the proposals that were received prior to the RFP closing time, as well as review the safety documentation that was provided. After the initial screening, proposals that have followed the requirements of section 4.0, as well as demonstrating reasonable qualifications to assume Prime Contractor status for a project of this size/scope will be considered during the review/evaluation stage.

5.1.2 After the initial screening has taken place, the County's evaluation team will review and evaluate the remaining proposals. The evaluation will be based on the following criteria, with the following weightings:

Item	Evaluation Criteria	Weighting (%)
A	**Organizational Structure** *Project organizational structures with efficient communication and decision-making paths, with clearly defined roles and accountabilities for all aspects of the work will be favored over those where there may be communication gaps, uncertainties, or higher levels of project risk.*	5
B	**Proposed Project Manager and Management Team** *Project team members who have more relevant experience, education, training and other qualifications will be favored over those who have less. Project teams who have a long history of delivering successful and relevant projects together will be favored over those who do not.*	10

C	**Health and Safety Program** *Proponents with more detailed/diligent safety programs and processes that include the safety management of subcontractors and other 3rd parties on jobsites will be favored over those with less. Proponents demonstrating a better safety record will be favored over those with a worse safety record.*	10
D	**Experience/Work History/References** *Proponents with greater experience and more positive feedback from the references will be favored over those with less. Proponents (and their subcontractors) with positive or no records of performance when working on previous County projects will be favored over those who have negative records of performance on previous County projects.*	15
E	**Proposed Schedule & Work Tasks Distribution** *Realistic schedules that meet the requested commissioning and/or completion dates will be favored over unrealistic schedules and schedules that do not meet the requested commissioning and/or completion dates. Proposed work schedules that are more detailed and comprehensive regarding the tasks required will be favored over those with less detail and unclear descriptions of task responsibility. Proponents that assign additional tasks to the County will be scored lower.*	15
F	**Schedule / Milestone Delivery Date Assurances** *Proponents who propose stronger schedule assurance and milestone delivery enforcement mechanisms to be included in the contract will be favored over those who propose weaker schedule and milestone delivery enforcement mechanisms. Proponents who propose mechanisms with ongoing schedule enforcement will be favored over those proposing mechanisms strictly related to the commissioning or completion date.*	10
G	**Quality Control Plan** *Proponents with more detailed, diligent and effective quality control plans will be favored over proponents with less detailed, diligent and effective quality control plans.*	5

H	**Cost Estimate** *After the County has reviewed all cost estimates and adjusted them to ensure it is comparing equivalent services and end products being provided, proponents with lower priced overall cost estimates will be favored over proponents with higher priced overall cost estimates. The cost estimates being provided in the proposals are non-binding, but in negotiating the details of a contract with the highest rated proponent(s), the pricing in that contract must be substantially consistent with the cost estimates that were provided in the proponents' proposal. Significant deviation from the estimated costs provided in the proposal will allow the County to begin negotiations with the next highest rated proponent.*	30

5.1.3 The County also reserves the right to accept conditions to be offered by and/or negotiated with the successful Proponent which are not specifically contained in this RFP. Such options and/or alternatives shall be included in the Proposal review process as part of the evaluation.

5.1.4 At all times, the County reserves the right to seek written clarification regarding a Proposal from a Proponent. Such clarification shall be deemed an amendment to such Proponent's Proposal.
